RESPONDENT )

Two complaints were filed against Respondent with the North Carolina Board of Licensed Professional Counselors, and after investigation, the Board found probable cause to believe that Respondent had violated certain provisions of the North Carolina Licensed Professional Counselor=s Act, Chapter 90 Article 24 of the North Carolina General Statues. Respondent filed her responses to the complaints wherein she denied the allegations in the complaint. The Board and Respondent agree that it would serve the ends of justice that a Consent Order be entered which will resolve these matters without a formal hearing, and to that end, with the consent of all parties, the Board hereby enters the following Order:

IT IS, BY CONSENT, HEREBY ORDERED, ADJUDGED AND DECREED;

1. Respondent can continue to provide counseling services, but must do so under the following terms and conditions:

A. Respondent will be on probationary status for a period of 7 months from the starting with the date this order is signed by the Board Chair.

B. Respondent will locate a supervisor who meets the Board=s requirements for an approved supervisor, and will submit the same to the Board for approval within 10 days of the date the Chair signs this Order, and the Board will give notice to the Respondent of its approval or disapproval within 5 days. The Respondent is to begin under supervision no

later than 30 days of the date this order is signed by the Board Chair, and continue under supervision as set out below for a period of a full six months.

C. Once approved, Respondent will be working under supervision of 1 hour of supervision for every 40 hours of his clinical work. Respondent will be under this supervision for 6 full months.

D. The approved supervisor will report the ongoing supervision to the Board at the end of each month. Respondent will share the charge letter and this Consent order with the Supervisor. The Respondent will sign a consent for the Supervisor to release information of supervision to the Board in these monthly status reports. The Supervisor=s reports should address how the Respondent deals forensic issues with clients and her compliance with the Code of Ethics.

E. Respondent must complete 6 hours of continuing education in the specific areas of the differences in the role of clinical therapist and forensic evaluator and dual relationships. These 6 hours are in addition to the hours of continuing education required for license renewal. Respondent will send proof of completion of the courses to the Board office.

F. Respondent must complete the educational requirements of this order within 12 months of the date this Consent Order is signed by the Board Chair.

2. At the end of the 6 months of supervision, the Board will restore the Respondent to active status.

3. Respondent can not act as a supervisor for applicants for licensure during the probationary period.

4. If the Respondent fails to comply with the terms of this consent order, Respondent=s license is subject to revocation or further disciplinary action. The Board will monitor the Respondent=s compliance with the consent order, and if supervision reports are not received by the 15<sup>th</sup> day of the month following the supervision, the Board will send a delinquent notice to the Respondent. Respondent is responsible to notify his supervisor of the delinquency.

5. If at the end of the 12 month probationary period Respondent has not completed the educational requirements, the Respondent will be subject to further disciplinary action by the Board.

6. The Board retains jurisdiction over this action.

This 4 day of <sup>December</sup>~~June~~, 2009
